NEWS OF ROCKHOLD

J. E. ROCKHOLD IN HOSPITAL,
HIS SON WITH REGIMENT IN
LORRAINE DISTRICT

Mrs. J. E. Rockhold of 330 Burdett street has been saddened by the news that a member of her husband's company "over there," of the 117th Regiment Engineers, has been taken prisoner by the Germans. The announcement was made at a meeting of the student body at Occidental this week. He was a student there when he enlisted. No particulars of his misfortune were given.

Concerning her husband, Mrs. Rockhold reports that recent letters have informed her that he is now in a hospital at Nevers near a famous watering place in about the center of France. He is recovering nicely from an operation he recently underwent and his eyes are getting better. He has been practically isolated from his friends and had no news for sixty-one days because of the four changes he had made from one hospital to another, one hospital he was in having been bombed. His eye trouble was caused by overwork, long hours and sleeplessness because the sector he was in was bombarded continuously for five days and nights.

Howard Rockhold is still with his regiment which has been sent from Chateau Thierry to Lorraine, where it is located in a village which Mrs. Rockhold has some reason to think is not far from Nancy. It is the district in which they were stationed when they first landed in France and where they made a great reputation. Harold writes that as they passed through the villages on their return they shouted like wild Indians and all the inhabitants turned out to welcome them, hoping in each town that they would stop there. He also says that one would think from the behavior of the people of that region there was but one American regiment, the 117th, because they were the first to come and were there the longest.

TRUSTEES' MEETING

RESIDENTS TO BE INSTRUCTED
TO PLACE CORRECT STREET
NUMBERS ON PREMISES

The Board of Trustees assembled in regular session at 8 p.m. October 4, 1918, all members present. The minutes of the last meeting were read and approved.

The Chairman, noticing the fact that there was a large number of citizens present, stated that the Board is always glad to have the people present themselves in the Council Chamber and make their wants known, and invited any one who had anything to bring before the Board to do so at this time.

C. D. Thom addressed the Board and presented a petition signed by 344 citizens of Glendale, stating that this petition represented the large majority of the business men of the City; the petition asking for the abolition of the office of City Manager, owing to the necessity that exists on account of the war for the practice of economy in every direction in municipal affairs.

Ezra Parker in a few words stated that he did not want his presence at the meeting to be considered as indicating his sympathy with the object of the petition. On the contrary, he believed that it is not the desire of the majority of the business men or of the citizens of the City of Glendale that the city take a step backward, which in his opinion it will be doing, if the petition is granted. He further stated that he would be glad if time is given and it seems necessary to do so to see that the Trustees are presented with evidence of the truth of his statement.

Trustee Muhleman made a motion, which was not seconded, that a committee consisting of five men who support the petition and five who are opposed to it, be selected to meet with members of the Board of Trustees and discuss the situation.

Trustee Shaw made a motion, which was not seconded, that the petition be referred to the committee as a whole.

Trustee Henry made a motion, which was not seconded, that the office of City Manager be declared vacant.

City Manager Watson stated that he is willing to resign his position if a single member of the Board of Trustees desires it, as much as he is averse to retiring under fire. He therefore desired that his resignation be considered as filed with the Clerk of the Board.

Trustee Henry stated that while personally he is very friendly to the City Manager, he believed that to take the action called for by his mo-

INSTRUCTION BOARD

IS GETTING THE 7TH COUNTY
DISTRICT THOROUGHLY OR-
GANIZED FOR DRILLS, ETC.

R. L. McNitt, the Eagle Rock member of the Publicity Committee of the Board of Instruction, reports that a delegation which included Norton C. Wells, Chairman of the Board of Instruction, Captain William C. Watlings, Chairman of the Military Committee, Mr. Elliott Wyman and Mr. McNitt himself, journeyed to Annandale Thursday evening, where a mass meeting was held to interest registrants and their families in the work of the Instruction Board and where arrangements were made for a drill to take place there Monday night. Another mass meeting to perfect the organization will be held in Annandale some evening next week.

Mr. McNitt reports there was an excellent attendance at the drill held in Eagle Rock Thursday evening. The Southern California Edison Company has erected lights at the corner of Colorado and Central avenues, which furnish excellent illumination of the parade grounds where the men drill.

Saturday evening, the same committee expects to effect a similar organization at Newhall, where drills will be held Wednesday and Saturday evenings, the same nights reserved for San Fernando, but as the military committee has twelve to fifteen instructors enrolled, there will be no conflict.

A meeting of the Publicity and Education Committee will be held tonight (Friday) in Glendale at the Elks' Club House at 9:30 o'clock following the drill, which it is expected all members will attend.

ENTERTAINS FOR LIEUTENANT SCHERER

A very pleasant evening was spent at the home of Mrs. S. J. Mosher, 111 North Central, on Monday evening, when she entertained at dinner. The guests included Dr. and Mrs. James A. B. Scherer of Pasadena, their son, Lieutenant Scherer, and Mrs. E. D. Mosher of Los Angeles.

Lieutenant Scherer enlisted a year ago last March, going east with Ensign Burns of Alhambra and Ensign Mosher of Glendale. He has spent one year in active service as Junior Lieutenant on the U. S. S. Davis, and was given an unexpected furlough to visit his parents. He leaves again on Thursday for the northern part of the state, where he will be in command of a new destroyer, not yet completed.

Lieutenant Scherer brought a number of souvenirs home with him, among which was a cap of a German submarine captain, whose submarine was sunk by the Davis, also a number of photographs, all of which told a story.

THE REGISTRANTS DRILL

Theodore Peirce, Chairman of the Publicity Committee of the Board of Instruction, announces that rain or shine, regardless of weather conditions, the meeting of registrants of the Glendale district will take place tonight (Friday) on the High School grounds. If the weather is such that it is impossible to drill, there will be some very interesting talks on military drill, life and etiquette in the High School auditorium.

He reports that last night in the Auditorium building, Los Angeles, was held a meeting of chairmen of the Boards of Instruction of Southern California. At that meeting great surprise was expressed at the progress made in the Glendale District. It was thought that this was the first district in Southern California to become fully organized. Secretary Eley, who attended in place of the Chairman for Southern California, reported that he had been besieged with questions as to what had been accomplished here and how we did it. It is expected that many of these chairmen will attend tonight's drill as a matter of education.

SEASON'S RAINFALL 1.01 INCHES

The every-day citizen of California who has the happiness to possess a lawn and garden, and farmers who have crops which will be benefited and not damaged by rain, are rejoicing in the showers with which the weather man has been favoring this section during the past month. The gauge of H. E. Bartlett gives the season's record to date as follows:

	Inches
Storm of September 14th.....	.38
Storm of September 26th.....	.60
Storm of October 3d.....	.03
Total.....	1.01

LAST DEFENSE OF HINDENBURG LINE

HAS BEEN REACHED BY BRITISH CAVALRY AND GERMANS
FACE THE NECESSITY OF A BIG RETREAT

(Special Service to Glendale Evening News)
LONDON, October 4.—The great battle on the West Front was resumed everywhere this morning with heightened intensity.

Indications are that the Germans who are retreating from the Armentieres sector are bound for Haute Deule Canal north of Lille. The Americans co-operating with the French in the battle east of Rheims, which started yesterday, have advanced two miles and a half, capturing much material and many prisoners.

British airplanes today reported British cavalry in Fresnoy-le-Grande, five miles northeast of St. Quentin and four miles behind the Beaurivois line, the last great defense behind the Hindenburg line. It is believed the cavalry has reached open country and that the Germans can not make another stand in this region without a big retreat.

The French advanced east of Lesbins in the St. Quentin region and enlarged their bridgehead northwest of Rheims.

The Germans last night violently counter attacked, attempting to drive the British again from Gouy, Le Catelet and Sequehart, but were repulsed.

Local fighting at many points on the front was to the advantage of the allies last night.

In the Armentieres sector the British have reached the railway east of Lens and have attained the general line Zenein, Wingless, Berceau, Sournes and Houttines.

TRAP BEING SET FOR GERMAN ARMIES

ENVELOPING MOVEMENT IN PROGRESS BY FRENCH
ARMIES IN CHAMPAGNE-RHEIMS REGION

(Special Service to Glendale Evening News)
LONDON, October 4.—The British advance between Armentieres and Lens has now reached a total depth of six miles, according to battle-front dispatches received late this afternoon.

From the French front comes word that the French armies are swinging forward in the Champagne and Rheims region simultaneously, threatening an enveloping movement against the German centers of defense in those districts. They are making good progress and the battle line is gradually extending to a wider front.

TOLL OF SPANISH INFLUENZA

CAMP DEVENS, MASSACHUSETTS, AND BOSTON, HARDEST
HIT. EPIDEMIC IS MOVING WESTWARD

(Special Service to Glendale Evening News)
NEW YORK, October 4.—Country-wide figures gathered today show there has been a total of 170,000 soldiers and civilians attacked by Spanish influenza. Unofficial figures indicate there has been one death to every twenty-seven cases. Federal authorities fighting the disease believe it is being checked. Army surgeons are making especially good progress.

There have been 105,000 cases in the army camps and indications are that the epidemic is moving westward.

Camp Grant, Illinois, reports 1850 cases, Camp Devens, Mass., has suffered more than any other army camp with 12,205 cases and 695 deaths.

In the cities, Boston was hardest hit with 30,000 cases and 1912 deaths.

ALBANIAN RETREAT BECOMES DISORDERLY

AUSTRIANS ARE DESTROYING SUPPLIES AS THEY GO.
SERBIANS CAPTURE NISH, LAST CAPITAL OF SERBIA

(Special Service to Glendale Evening News)
LONDON, October 4.—The Austrian retreat from Albania is becoming disorderly, according to dispatches today. The retreating forces are destroying supplies as they go.

The Serbian forces have occupied Nish, Leskovac and Vranja. Nish was the Serbian capital after the Austrians captured Belgrade.

NEARLY TWO MILLION AMERICAN SOLDIERS OVERSEAS

(Special Service to Glendale Evening News)
WASHINGTON, October 4.—House Military Committee members following a conference with the War Department today said they were informed that one million, eight hundred and forty thousand American troops had been shipped overseas.

LIVES LOST WHEN OIL TANKER AND FREIGHTER COLLIDE

(Special Service to Glendale Evening News)
WASHINGTON, October 4.—The U. S. S. George Henry, a ten-thousand-ton oil tanker, collided with a six-thousand-ton freighter, Frasle, at New York, the Navy Department announced today. The Frasle sank in seven minutes. Forty-nine of a total of eighty-nine persons aboard were saved.

AMERICANS SINK TWO AUSTRIAN SUBMARINES

ROME, October 4.—The Italian Admiralty announced today that American submarine chasers sunk two Austrian submarines in the recent naval raid on Durazzo.

WATSON RESIGNS

CITY MANAGER REFUSES TO
SERVE AFTER CONSERVATION
PETITION IS PRESENTED

Thursday evening's meeting of the Board of Trustees of the City of Glendale was ushered in with proceedings somewhat out of the ordinary routine of business. After the reading of the minutes of the previous meeting by Clerk J. C. Sherer, Geo. B. Woodberry, Chairman of the Board, announced the fact that there were numerous visitors present, and those wishing to address the Board would be given an opportunity, but a recent ruling would be complied with that no speaker would be allowed to speak more than three minutes and no one would be allowed to speak more than once on the same question. However, the chairman assured those present that all would have ample opportunity to be heard.

Chairman Woodberry then called for remarks from persons present. C. D. Thom arose and stated that he wished to present a petition, explaining that all cities and institutions had been advised by President Wilson to cut out all unnecessary expense, and Mr. Thom said city authorities have been quite generally complying with the request. Mr. Thom then stated that a petition had been circulated asking the Board of Trustees to declare vacant the office of city manager. He said the petition had been signed by fully ninety per cent of the business men of the city and little effort had been used to get the residents to sign it. At this juncture Mr. Thom presented the petition to the Board.

F. H. Vesper spoke in opposition to the petition, stating that in his opinion City Manager Watson had been able to save the City money on account of his wise supervision.

Chairman Woodberry then spoke at length against the attitude in which the petition was presented and referred to an agreement Mr. Thom had made at a previous meeting not to circulate such a petition. Mr. Woodberry also asserted that it was his opinion that many of the people who signed the petition did so without knowing the object of it.

Mr. Thom resented the statement made by the Chair that a previous arrangement had been entered into by him not to circulate a petition, and George Paine, who had circulated one of the petitions, said that all persons who signed the petition he circulated did it with full knowledge of the contents of the petition.

Trustee Muhleman stated that it was his opinion that few people know anything about the duties of a city manager, and he made a motion that a committee of five persons be appointed by the citizens and five persons by the Trustees to inquire into the work performed by a city manager.

Mr. Thom made a vigorous protest to the motion and called for immediate action.

Whereupon Trustee Hartley Shaw made a motion referring the petition to Committee of the Whole. There being no second to Mr. Shaw's motion, Trustee C. H. Henry made a motion that the office of city manager be declared vacant. Mr. Henry's motion was not seconded. At this juncture City Manager T. W. Watson arose and said that while it was contrary to his make-up to retreat while under fire, yet he would absolutely refuse to serve as city manager if there was any opposition to him on the Board, and there being very apparent opposition, he tendered his resignation, asking that it take effect at the close of this month. Trustee Henry said his opposition to Mr. Watson was not of a personal nature, but there had been expressed so much opposition by citizens that he deemed it for the best interest of all concerned to have a change.

The petition presented contained 344 names and it read as follows: To the Honorable Board of Trustees of the City of Glendale.

Gentlemen:
Owing to the great cost of living as well as the monetary conditions that just now exist, brought about by the necessity for funds to aid in promoting the cause of democracy, and as all citizens in Glendale are practicing strict economy as individuals, and as all new municipal improvements are practically discontinued by order of the Government, we, the undersigned, voters and taxpayers of Glendale, believe it would be wise at this time to discontinue the office of City Manager, at least during the duration of the war, and would earnestly and respectfully request that your honorable body take such action as may be necessary to carry out this petition.

Mrs. Camelia May Good, wife of Clarence M. Good, 723 S. Louise St., died this morning at 7 o'clock.

PATRIOTISM RENEWED

D. A. R. MEMBERS INSPIRED BY
ANNUAL ADDRESS OF REGENT
MARY BRALEY

The first meeting for the season of the Glendale Chapter of the D. A. R. was held Thursday afternoon at the home of the regent, Mrs. J. H. Braly, on Brand boulevard. The reception rooms were very beautifully decorated for the occasion with rare dahlias from the gardens of Mrs. La Gross, who is one of the "daughters."

The opening number on the program was the annual address of the Regent, which breathed enthusiasm and patriotism, urging members to redouble efforts on behalf of the Red Cross and of the Maternity Hospital and Nursery, for which the Chapter is endeavoring to accumulate a mile of pennies.

Mesdames C. W. Houston and T. W. Preston of this city gave very interesting reports of D. A. R. Council Meetings held in Los Angeles during the summer, at which reports were given of the Liberty Loan fund accumulated by contributions of one dollar from each chapter member, a fund which amounted to about \$150,000, all of which was invested by the national organization in Liberty Bonds and which is never to come back to the organization but to be used by the Government in its reconstruction and rehabilitation work after the war.

A very interesting feature of the program was the anecdotes of camp and war life in general contributed by members who have relatives at the front. Mrs. Houston told of the experiences of her cousin, who is Superintendent of Ammunition in England and who was formerly Superintendent of the Kimberley Mines in South Africa. In one of his letters to her he described a visit made by King George and Queen Mary to the Ammunition Works.

Charming variety was afforded by the singing by Mrs. Calvin Whiting of a song entitled "Stars and Bars," which was composed by a cousin of Mrs. Braly.

MRS. MCCAN TO SPEAK

WILL BE ORATOR AT WOMAN'S
DAY NAMED BY PRESIDENT
WILSON AS OCTOBER 5TH

The Government has designated Saturday next, October 5th, as Woman's Day in the Liberty Loan Campaign and committees are requested to arrange special celebrations and programs which will give women a chance to show that they are standing shoulder to shoulder with their men in every legitimate effort to win the war and that they are one hundred per cent patriotic.

Mrs. Charles Toll, Chairman of the local Woman's Committee has been fortunate in the arrangements she has been able to make for the observance of the day (Saturday) in Glendale.

For a four-minute talk at the Palace Grand, Gesner Williams, a prominent attorney and eloquent orator, has been secured.

Saturday evening a big free mass meeting will be held in the High School auditorium, which will be addressed by Mrs. David Chambers McCan of Los Angeles, who has just returned from France, where she was sent to study reconstruction work. She spent nine months in the reconstruction hospital which Maud Alien, the celebrated dancer, established and equipped for the purpose of restoring men injured by war to as nearly normal conditions as possible and fitting them for civilian occupations.

Mrs. McCan has been authorized by the Government to tour the

(Continued from Page 1)
tion would result in greater harmony among our citizens.

F. H. Vesper spoke in opposition to the object of the petition, stating that it is a well-known fact that a petition circulated on the streets of Glendale for any purpose whatever can secure a large number of signers; he did not believe therefore that the majority of the citizens were properly represented in the petition.

The Chairman made a statement in support of the City Manager, declaring that he had for the present fiscal year reduced the expenses of the City Government and therefore saved to the taxpayers much more than his salary for the year would amount to. He believed that many of the signatures appeared on the petition through a misunderstanding of the situation.

C. S. Davis spoke briefly in favor of the City Manager.

This ended the discussion and the petition was received and placed on file.

A communication was read from the County Council of Defense Building Section, Los Angeles, R. W. Pridham, chairman, enclosing a copy of circular 21 issued by the Priorities Committee of the War Industries Board. The communication was in reference to issuing permits for buildings and asking that the city authorities co-operate with the County Council in the matter. The communication was received and filed.

An application was presented from Hugh Cornwell for permission to hunt within the city limits. On motion of Trustee Henry permission was granted, confined to Verdugo canyon and vicinity.

An application was received from Wm. A. Burns for permission to do street work by private contract, the work consisting of a cement sidewalk five feet in width along the easterly side of Verdugo road, south of Second street. The application being approved by the City Engineer, was on motion granted.

The City Recorder filed his report for the month of September, showing the total receipts of his department to be \$156.00.

The Manager of the Public Service Department made a report as to the valuation of the light plant in the Tropico District and in this connection the following resolution was presented by Trustee Shaw and adopted:

That the City Attorney and the President of this Board be authorized and directed to sign and file a joint application with the Southern California Edison Co. to the Railroad Commission for authority for the city to buy the system of said company

used in supplying electricity to Municipal Improvement District No. 2, for the sum of \$34,611.19, plus the cost of extensions made since August 31, 1918.

On motion of Trustee Shaw, the Manager of the Public Service Department was instructed to so arrange the five-light standards on the city street so that it will be possible to use one light only. The motion was seconded by Trustee Muhleman and adopted. The Manager of the Public Service Department reported that lights had been installed on the High School grounds in accordance with instructions given him at the last meeting.

The City Attorney made a report regarding local fares over the Pacific Electric Co. lines in Glendale. A motion made by Trustee Muhleman was adopted, instructing the City Attorney to urge before the Railroad Commission the adoption of 5¢ fares within the limits of Glendale.

The Chairman of the Board called the attention of the Trustees to the matter of changes in street names in the Verdugo canyon district without the authority of the Board. On motion of Trustee Muhleman the matter was ordered to be investigated and reported upon by the Street Superintendent.

The City Attorney having prepared an Ordinance amending Ordinance No. 201, the same was presented to the Board by Trustee Shaw.

Trustee Henry made a motion, which was adopted, that the City Marshal be instructed to notify citizens who have not done so to put up the correct street numbers upon their premises.

Personals

Art Elliot and W. Beldin enjoyed a very pleasant fishing trip to the Big Sespe River in Ventura county. They easily caught the limit of trout.

Mrs. J. E. Rockhold of 320 Burchett street entertained Wednesday an old friend from Minneapolis, Minn., Mrs. Ralph O'Neill.

Preliminary program arrangements are being made for the conference of Christian Endeavor Societies of this district which will be held in Glendale in November.

A boy whose last name is Foltz had his bicycle stolen from in front of the Palace Grand Theatre Wednesday evening. The police to date have no clue to the thief.

Details of the report of the shipment of clothing collected in Glendale for the Belgians make interesting reading. The forty big packing cases required to hold it must have nearly filled a freight car.

Members of the Y. P. B. of the W. C. T. U. are reminded of the meeting to be held at the home of Emma and Helen Esterly on Adams street Saturday evening, at which interesting things will be doing for the soldiers in camp and for others outside.

Mr. and Mrs. J. F. Tatlow and family have returned to Glendale and are now at the ir home at 311 Oak street. They have been absent about a year and a half in Pasadena and they are glad to be here again, especially the daughters, who have a large circle of school friends. Their neighbors are pleased to welcome them.

Mr. and Mrs. Briggs, who reside at the intersection of Oak and Columbus avenue, have suffered a bereavement in the death of their infant son, Donald Briggs, aged one year and two months, for whom funeral services, conducted by Rev. C. R. Norton, were held at the Pulliam parlors this Friday morning.

Glendale has no town crier. If it had, he would probably have been sent out to cry a patient lost from the Mission Rest Home last Wednesday, an elderly man who went out for a walk and lost his way. The police were notified but before they had time to act the message came that he had found his way home.

There was what might be termed a "big turn out" at the first meeting of the new French class organized under University Extension Courses of the University of California. It assembled from 4:30 to 5:30 Thursday afternoon at the Intermediate School under the instruction of Prof. Louis F. Briois, who is a very fine teacher. About thirty were present.

William A. Moore, formerly manager of the Irish Linen Store in this city, is critically ill at the California Hospital in Los Angeles, of complication which followed an operation which he underwent last week to fit him for service in the U. S. Army. Mr. Moore is an enlisted man who is very anxious to get into service, and his many friends will be sorry to learn of his misfortunes in this connection.

Members of the Presbyterian Church and neighbors on Cedar street are quite inconsolable because the W. S. Carmichaels have packed up their belongings and are moving to Long Beach. Their household goods will be shipped today. Mr. Carmichael has been employed in the ship yards for a number of months and although they have two homes here, they have decided it is best for all concerned to move to the beach. They have been active workers in the Presbyterian Church, Miss Carmichael serving as pianist and filling other important positions, and they will all be greatly missed.

**DEATH OF FREDERICK C.
HOUGHTON**

Mr. and Mrs. Luke Houghton of 146 East First street are mourning the death of their small son, Frederick C. Houghton, who passed away Thursday morning, October 3, after an illness of three weeks. Little Frederick leaves four brothers, Wilbur, Thomas, Haley and a twin, George. Deep sympathy is felt for the family in their loss.

Funeral services will be held at the chapel of Sovorn-Letton-Frey Co. at 3 p. m. Saturday. Interment at Forest Lawn Cemetery.

CHANGE IN HEADQUARTERS

Ezra Parker has again given a demonstration of his patriotism by donating his store room at 136 North Brand for Liberty Loan headquarters. The move to this new location will be made today and Mr. White and Miss Eva Daniels, the secretaries, assisted by a corps of clerks, will be in attendance there hereafter to receive the reports of captains and give information and instruction.

The Liberty Loan Committee feels exceedingly grateful to Mr. Parker for this evidence of good citizenship, which will be appreciated by bond buyers as well as by the captains.

P.T. A. MEETING

The first meeting of the year of the Colorado Boulevard P.T. A. was held October 3rd. The meeting was opened by the president, Mrs. B. L. Cline. Flag salute was led by Mrs. Kinzy. The fifth grade teacher, Miss Sparks, having the most guests present, won the coveted prize.

Mrs. Kinzy, chairman of the Junior Red Cross work, asked the continued help of the mothers with this sewing. Over 100 garments were made in this department through the summer.

Mrs. Timothy, chairman of education, brought to mind the University Extension work, which is open to mothers as well as teachers, classes in French and Modern European History being formed. All who can should take advantage of this opportunity. Mrs. Timothy also laid special emphasis on the mutual benefit reading circle, which is held at Mrs. Toll's each Wednesday.

Our president presented the certificate for the War Savings Society, all framed, the frame being donated by our former president, Mrs. Frank Chambers. Mrs. Wernette was elected president for this society and Mrs. Timothy secretary. A communication was read from the White House urging a continuance to give generous support to all school work and that no boy or girl should go without an opportunity for an education because of war. At the close of the business we were favored with a vocal solo by Miss Brennerman, instructor of music through the schools. She was accompanied by Miss Mottern. Mrs. Timothy gave three short readings which were well worth hearing, a real lesson in each, one giving a suggestion that we all have a hearty "Hello" for all, regardless of dress or nationality, another a real motherly thought, a mother caring for her only son, free from the empty pleasures of the world.

Lastly, but far from being least, Rev. Edmonds gave a most thrilling talk along the ever-present topic, the war. Mrs. Toll, at the last moment, sent in word that the Liberty tank would pass through our streets between 7:30 and 8 on Friday, and hoped that all and everybody would be out to welcome it.

MRS. F. W. KILLE,
Press Cor.

LIBERTY LOAN TANK

The Liberty Loan Tank will reach Glendale at 7:30 this evening and be escorted to its station at Broadway and Brand by city officials, soldiers, sailors, Red Cross workers, the Elks' Patrol, and a fine band. Everybody should come out to welcome it.

"COMMUNITY SINGING"

A bigger audience than ever assembled for the Community Sing Thursday night, and enthusiasm for community singing and patriotism increased if it were possible to increase the zeal and fervency of previous audiences. A ten-minute speaker from Los Angeles, Thomas A. Berkebile, a well-known attorney, made an excellent address on behalf of the Liberty Loan, in which he forcefully reminded his hearers that "the boys have gone across and we should come across."

Professor Kirchoffer led the singing in his usual splendid fashion and complimented the chorus on the good work it is doing for such a new organization. Drill was had in "Sons of America," and in "Here We Are, Here We Are, Here We Are Again," the new song he had promised to teach if permission could be had.

He also continued to train the chorus in the old southern songs by Foster which are such favorites, "Old Black Joe" and "My Old Kentucky Home." From every viewpoint, it was a very successful gathering, and these audiences are doing much to promote unity in the community in more ways than one.

LIBERTY LOAN SUBSCRIPTIONS

Glendale is waking up to its responsibilities in connection with the Fourth Liberty Loan.

John Robert White, Jr., Secretary of the men's committee, reports that subscriptions turned in up to Thursday night totalled \$108,900. This is a little more than half of Glendale's quota, so there is still a good part of the way to go to reach the total expected of this city, and workers anticipate our people will respond as they have heretofore and do more than is asked of them.

The quota of the Third Liberty Loan for this city was \$112,000. Glendale not only sold that amount but more than doubled it, turning in subscriptions which totalled about \$275,000.

Glendale's quota this time is in the neighborhood of \$200,000 and the captains hope to double that. The government must have this six billions it is asking for to prosecute the war on the scale necessary to bring it to a speedy close and save the country's man power, which is the most precious asset we have. We can better afford to give dollars than men, and for that reason every subscriber is asked to double his or her subscription in this drive.

SHAKESPEARE SECTION

The first meeting of the Shakespeare section of the Tuesday Afternoon Club will be held at the home of the curator, Mrs. Charles Homer Temple, 145 North Orange street, Monday, October 7, at 2 p. m. The meeting will take the form of a social afternoon to welcome the new members, and all the members are urged to be present with any friends who may be interested in the work of the section. The first play to be studied, "As You Like It," will be briefly outlined and discussed.

APPRECIATION

The Board of Instruction of Los Angeles County Local Exemption Board No. 7 wishes to publicly convey through the courtesy of the Glendale Evening News its thanks and appreciation of the patriotism of Robert Jensen, who contributed the use of the Palace Grand Theatre for the recent meeting held by the Board and for the publicity given same. It surely is an acid test of public spirit and patriotism to make such a sacrifice as Mr. Jensen did, and it is the opinion of both boards that they owe a debt of gratitude to him. A vote of thanks was also given the High School boys who made such a noble success of the publicity work entrusted to their care.

THEODORE F. PEIRCE,
Chairman Publicity Committee,
Board of Instruction.

Mrs. Katherine Morton, of Morton's Studio, Brand Boulevard and Acacia Street, was a successful competitor at the Photographic Salon of the California Liberty Fair, shortly being held at Exposition Park.

Six portraits finished in water color were sent in, and all were accepted by the committee. These are the only hand-colored portraits being shown at the exhibition, and are the only work of their kind in California.

Exhibits were sent in from all parts of the U. S. and only the best and most artistic photographs are being shown.

Glendale was represented by two photographers, the other being Mr. Edward Henry Weston, who was awarded first prize in the Monochrome Portrait class.

The exhibition remains open at the Brack Shops, Los Angeles, until October 12, when it will be transferred to Exposition Park.
